

## Christian Emphasis Focus Point:

### MISSIONS!

When we look at the work done through Y'sdom, we might well conclude that this work is missionary work! Missions are the means God uses to reach others through the body of Christ---Christians! It is the basis of our moving upward and outward, through Y'sdom. Jesus gave the Disciples (and us) the direction "to go, and do". So our clubs are obedient to His command.

### Club Discussion Suggestions

- I. Have We...  
Provided our club members the opportunity to discover that their skills and experiences are valuable tools of ministry? That whatever the depth or breadth of their individual contributions---they and their contributions are important to Christ?
- II. Have We...  
Found a way to appeal to the values of younger believers in such a way as to see them actually get involved in ministry through Y'sdom?  
-David Croker, Operation Inasmuch
- III. Jesus Christ invites each of us to follow Him and asks us to make a commitment. We make the commitment and leave the results to God. It's like signing "a blank check" and allowing God to fill in the amount.  
-Paul Barthwick, A Mind for Missions
- IV. What if...  
There was a way to help our whole community see the church and our club as vital, contributory, authentic, Christian witnesses in the community?

Y'sly,

George Williams, ASD/CE
