PUBLICATION OF EAST VALLEY Y'S MEN'S CLUB/ U.S. AREA – November 2011 (No 58)

Home Club of International President Erick Kim (1998-1999)

"Congratulations!"

Merry Christmas! Blessings and Congratulations to you, As I look back at all kinds of news from last year that influenced human race, I realized once again that the happiest man was not of wealth nor honor but one with a good health. Because so many people envied wealth but many of those lost their lives so early.

Dear East Valley Y's Men, I sincerely congratulate you on your good health from which you were able to continue serving as a member of the Y's Men's Club. However, did you know that there is a difference between keeping good health and enjoying it among people? I strongly believe that we the believers surely respect the Words of the Bible. Among two of those commandments that He gave us, one is to God and the other is to "Love your neighbor as yourself..."

Needless to say, there are so many ways to love your neighbors, but you the East Valley Y's Men members have been participating in one of the Y's Men International programs the "Time of Fast" with such a small amount of money sent to those in the underdeveloped seventy some countries around the world, haven't you? And yet, the total amount the Internationally raised "Time of Fast" fund was over \$200,000.

So how wonderful is it to express love to your neighbors? That's not all. Every year in the morning of December 24th, the East Valley Y's Men members cooperate with the service group of the YMCA to give away 3,000 toys to the children in the city of Montebello. I am positive and for sure this kind of services will be rewarded by God. In addition, a good health as well because those who love their neighbors have so generous hearts. The stress cannot approach nor build upon those people. For that reason, the only thing that merits them is good health. And that's why I sincerely congratulate you the members of the East Valley Y's Men for your tireless service for the good purpose. I hope you would believe what I am saying because it's my living testimony. It is my wish and prayer that this year would be another worthy year for you.

Erick Kim, PIP

권리는 의무의 이행에서 * To Acknowledge the Duty that Accompanies Every Right
