Dinner Meeting, September 13th, 6 pm. **John Carmony** led a business meeting while **Holly Carmony Robison** was setting up another of her wonderful meals. Ribs deluxe. They were the best. Those who hung around for a while got to feast on her wonderful peach dessert. It is a wonder that **James** and the kids are not a bit overweight if she cooks like that at home.

During the business meeting, a discussion about tree sales was led by **John Scott**. **Steve Davis** spoke to the fact that the cheaper trees we bought last year seemed to be almost as good as the Number ones. That is being taken into consideration. **Scott** also said that he will be buying some Douglas firs to give us a two-tree choice on the lot. He said that the dead-man on #2 line needs replacing before setting up. The tree farm has several thousand trees ready for harvesting. At the breakfast in August, it was the feeling that we should have at least two different prices for trees. And it was the consensus that we should order fewer trees this year. **Scottie** will take these suggestions into account when he orders.

President Carmony called for ideas from the group on future tours for the group. Doesn't anyone in the group have an idea for a tour night?

Paul Westenheffer – 50th Year Celebration. **Paul** took the floor, and brought the meeting up-to-date on the Celebration which is being planned. September 25th was the Alumni Swim Meet. They were expecting about 50 alums back for that event.

Saturday, October 16, there will be a pancake breakfast, and the honorees will be the Y's Men of the Hilltop. **Paul** will have a table just for the Y's Men, and emphasized that, for a change, the Y's Men will not have to work for their breakfast. This event will include wives, girlfriends, and any other significant person. **Please, please**, set aside the date, and be there at 9:15 that Saturday. It is being planned for Y's Men, and a good turnout will speak well for the group.

November 21, from 2 – 5 pm will be the Homecoming Event. Invitations will be sent to people who have had a hand in the development of the building and of the Hilltop Y.

Disabled List. Our thoughts and best wishes to **Lois Gossett**, in Grant Hospital because she took a bad turn on a set of stairs.

Camp Willson Weekend, October 8 & 9. **Anne Brienza** suggested the October 8 date for our fall weekend at camp and some fun working on a project. Some will probably be there about 9am on Friday. Come anytime – late, early, one day, whatever you would like. Dinner at the Homecoming, corner of Routes 33 and 68 at 6 pm, unless someone has a better idea. Pig Troughs at 9 pm Friday night. **Anne Brienza** writes this about the project:

For the medical building, we have a variety of projects, which means everyone can work together (inside), but have lots of different things to do.

Projects include:

1. Replacing old windows with new (the opening will need to be smaller than the current windows).
2. Repair concrete floor (where we had to poke holes into it to find the leak).
3. Repair drywall (where we had to tear out the wall)
4. Put the kitchen cabinets back into place

Work night, September 20th. Gary Link, John Scott, Jim Sullivan and Bob Yocom worked with Glenn Davis and Leon Pope installing new gate posts for a new double gate in the fence surrounding the cathouse. Good weather, good tools, good companionship. Job well done. The remainder of the work will be done later, after the concrete around the posts cures some more.

Sally's Alley

My Luggage likes travel by plane.
It ventured from Utah to Spain,
To North Carolina,
New Zealand, and China,
While I flew from Utah to Maine.

The beaver is a busy soul,
A diligent go-getter.
Perfection is his worthy goal,
To build a dam site better.

Good friends are like stars.
You don't always see them,
but you know they are always there. (Anon.)

Health nuts are going to feel stupid someday, lying in hospitals dying of nothing.

Have you noticed since everyone has a camcorder these days no one talks about seeing UFOs like they used to?

Some other stuff, Harry?
