

HILLTOP Y's MENS CLUB

2879 Valleyview Drive
Columbus, Ohio 43204

Issue 08-09

President: Dan Scott

Editor: Bob Yocom

September 30, 2008

First Meeting of the Season. Never happened, Y's Guy!! Hurricane Ike decided to harass Columbus September 14th, with 65 mph winds, and conditions were so uncertain that President Dan Scott decided to cancel our evening meeting. There are stories to be told and retold about the lack of electrical power that week. Your editor survived until Tuesday night with lots of ice he bought. How did you make out?

Work Night, September 22. Busy "beavers" ate into that old cathouse's outside walls taking off old siding on the front and right side of the building, preparing it for some new siding. Some rotting structural members were replaced, and new sides were put on the house. The house was built in 1978 in John Scott's back yard, and has held up pretty well for 30 years, and it should last another 30 years.

Workers included John Carmony, Bill Levering, Gary Link, Dan Scott, John Scott, Jim Sullivan, Keith Sullivan, and Bob Yocom. A special guest worker was Sierra Robison, and that gal can work. John Scott and Bob Yocom finished some of the work the next day. A paint job, some molding, corner pieces, and renewing the hitch are all that are left to do. Part of the plan for the evening was to paint some of the metal poles we use on the tree lot, but a lack of personnel deferred that job for now.

Dinner Meeting, October 6th. At the Y. Planning for the year. Bring your calendars for December to sign up for the tree lot. Bryan Davis took some sign-up sheets to the Y Guide Longhouse meeting in August, which gave them ample time to get back to the tribe members. Jill Puthoff at the Y acted as coordinator, and reports that all the slots we offered have been pledged. (Thanks, Jill.) That will take some load off our group; Guides will make some money. We offered the Guides 12 shifts for 40 hours.

Work Night, October 20th. Glenn Davis would like our crew to help replace some of the decking and ramps at Cherry Creek. Lumber will be pre-cut and drilled. Our job will be to put them in at the right places. "Green side up?" Needed: cordless drills, sawzall, circular saw, screwdriver bits #3 Phillips, measuring tape, square, etc.

Camp Willson, Fall., October 24-25-26, with Hilltop Y Guides. Ron Davis and Anne Brienza have plans for the Y's Men to do some stuff which will probably involve some carpentry. They are planning both an outdoor and indoor project, depending on the weather. Dinner Friday night at the Homecoming Restaurant at 6 pm. Scottie has promised to bring the pig troughs, and we hope that Anne will let us raid the ice cream supply for the "Super Sundae" we get only at Camp Willson. Put aside a day for helping us out at camp, will you? Even one day helps.

Harry Miller Speaks. He received a silly birthday card from the Y's Men, and writes: *"A letter to the Editor. (This has to be a first) Thank you very much for the greeting. It put a smile on my face. 😊"*

I enjoy Sally's limericks very much. See what she thinks of this one:
*There was a man from Pawtucket
Who kept all his cash in a bucket.
He had a daughter named Nan
Who ran off with a man.
And as for the cash - Nantucket.*
I appreciate getting the SCOOP. Y's Men was a big part of my life.
Best regards, Harry" (Not bad, Harry. Sally)

Calendar Events.

October 6th, Mon.	Dinner Meeting at the Y, Planning for 2008-09. 6:30

Birthdays

Jim Sullivan September 21

Sally's Alley

“Please cook my egg,” said Pete
“It’s quite a breakfast treat.
I always beg
For boiled egg.
It’s really hard to beat.” Sally Yocom

Things You Would Never Have Known Without The Movies

When a person is knocked unconscious by a blow to the head, he will never suffer a concussion or brain damage.

No one ever involved in a car chase, hijacking, explosion, volcanic eruption or alien invasion will ever go into shock.

Harry insists that there was some other stuff.

September Work on the Cathouse

John Carmony, Gary Link, John Scott

Sierra Robison hard at work
