JOE MARTIN, In Memoriam On August 1st, we lost a good friend, **Joe Martin**. **Joe** was always the first one to arrive on a project, always had the right tools, always instructed the rest of us on how the job was to be done, and was always working – never stopped. He lived his life the same way. He was always willing to help the other guy out, with a smile on his face. He made innovations for the Y's Men which will live on. He lived life with the motto, "Do unto others as you would have them do unto you." Good bye, **Joe**. We'll miss you.

The Martin Memorial Fund. **Joe's** family suggested that in lieu of flowers, donations be made to the Memorial Fund. **Scotty** reports the fund has grown, with more still coming in. At our first meeting this fall, perhaps this will be the time to decide how we should use these funds. Come to the meeting with some ideas for projects that will honor **Joe**. **Y's Men** should contribute individually and not as a group donation.

Breakfast Along the River. August 11th, we met for our annual breakfast along the river. We missed quite a few of you who are always there. **President Bill Levering** officiated and supplied the wonderful egg casserole made by his wife, **Kay**. Thanks, **Kay**, for all your efforts in making this a success. The weather was perfect. The companionship great. All in all, a good event.

First Meeting of the New Year. Because Labor Day is the same date as our usual meeting day, we will postpone for a week, and we will organize at the 10th of September meeting instead. Iaconnos at 6 pm, Monday, September 10.

Work Night, September 17. John Scott thinks we should spend this first work night of the new year sprucing up the building on Valleyview. He says that there are a lot of trees which need trimming so that they don't slap pedestrians in the face when they are walking around the Y. We need plenty of help. Bring your saws, cutters, pruners, and strong backs to help the cause. See you there?

Calendar for the New Year. Enclosed is the calendar for the new year. Your editor was supposed to have sent it out last month, but lightning stuck, and he failed to get it out. Several have announced that impeachment proceedings may result from this gross oversight. Probably about time, anyway. (Others say the editor stays until he gets it right. He can't win.)

Poet's Corner

In Florida of late,
Their driving isn't great.
They go right through
The stop signs too.
It's now the shun-sign state.

Ponderings

Does pushing the elevator button more than once really make it arrive faster?
Why doesn't the glue stick to the inside of the bottle?
